

To whom it may concern

17. October 2024
CW/EVS

The LEGO Group follows intensively all new legislation to ensure that we are in compliance with what may be required. This includes the recent updated on the EU Regulation on General Product Safety (Regulation (EU) No. 2023/988) (GPSR) and the EU Digital Service Act (Regulation (EU) 2022/2065) (DSA).

The CE mark is affixed to all physical products to demonstrate compliance with relevant European legislation. This is ensured via safety assessment and testing prior to launching the products. As it is not legally required, the CE mark is not show on LEGO.com.

The GPSR requires the economic operators who make products available on the market online or through other means of distance sales, the offer of those products shall include the contact details for the manufacturer, identification of the product (e.g. a picture) and any warnings and safety information.

The contact details for the LEGO Group as EU based manufacturer are:

- Name: LEGO System A/S
- Address: Aastvej 1, 7190 Billund, Denmark
- E-mail ID: product.compliance@LEGO.com
- Contact number: +45 79 50 60 70

The contact point in relation to the DSA is: DSAINQUIRIES@LEGO.COM

Further, we can inform that EC Declaration of Conformity can be found for all LEGO products on LEGO.com under "About us / LEGO product certification"

Best regards
